INDUSTRIAL TECHNOLOGY RELATED STUDIES

CALL FOR PROPOSALS

DSIR invites proposals from public funded bodies or institutions having a distinct legal entity for preparation of Studies on Industrial Technology Status and Innovation Strategy in the following subject areas:

1. Electronics Systems Design and Manufacture in select sectors
2. Framework of Industry-University linkage in research
3. Sports sciences
4. Development of Salt Industry in Rajasthan, Tamilnadu and Gujarat
5. Safe storage of food grains
6. New technologies for disease management of livestock and livestock products
7. Development of Conditional Access Systems, Set-top Boxes and DRM digital radio receivers
8. Advanced Signalling & Train Control Systems for Safe & Efficient Operations.
9. Cold Chain Development
10. Rice milling and Processing of millets and onions
11. Safety Systems for Vehicles
12. Development of aeronautical products
13. Technology Status of the Steel sector
14. Design and life assessment of materials for high temperature and high pressure conditions of power plants
15. Process improvements in power plants
16. Power transmission
17. Combined Heat Power based Systems
18. Construction of cost effective disaster resilient houses equipped with sustainable energy solutions
19. Smart, sustainable city with modular, flexible open systems approach
20. Capital goods sector
21. Watershed management
22. Water
23. Network technology and emerging technologies such as SDN
24. India as a hub for Cloud Technology

The last date for receipt of the completed applications is 15 September 2014.

Proposals in the prescribed format (five copies and one soft copy in MS-Word) together with a two-page self-contained summary (one copy in MS-Word) may be sent to:

Dr Ramesh Golla,
Scientist "C"
